## GRL Announces Expansion

Mohamad Hussein, P.E., Senior Vice President of ADSC Technical Affiliate Member GRL Engineers, Inc., announced the recent expansion of operations in the Louisiana office of GRL to better serve the growing needs of the region. Brian Mondello, P.E. will be man-

aging the Louisiana office and Jon Hon-eycutt relocated to the area from the Central office of GRL. Brian, who has been with the Florida office of GRL since 2001 and is an accomplished engineer, took on this additional role on March 1st. Jon, who holds a MS in Civil Engineering from Auburn University, was one of the instructors at the Dynamic Testing and Analysis workshop held in New Orleans in late February and has worked on numerous job sites throughout the Midwest, East Coast and South.

Mohamad will continue his involvement in Louisiana and other Southeastern States, and commented that "Together, the three of us bring almost 50 years of foundation testing experience to the GRL Louisiana office."
