## GRL Engineers/Pile Dynamics LEED Certification Ceremony

GRL Engineers/Pile Dynamics celebrated the LEED certification of the companies' headquarters in Solon recently. Approximately 50 individuals, including staff, project contributors and government officials, gathered for a certification ceremony, followed by a tour of the facility and lunch. The event included brief words from Michele Kilroy (president of the Northeast Ohio Chapter of US Green Building Coalition) and David Joyce, R (Ohio-14), who presented the company with the certificate designating the building as LEED Silver certified. **P**
