GRL Welcomes New Engineer

Bryan Shive, EIT, A.M.ASCE, recently joined the team of the Pennsylvania office of **GRL Engineers**. Shive received his BSCE from Morgan State University and has several years of foundation design experience, during which he became quite familiar with dynamic foundation testing. He joins Michael Morgano, who heads the PA office, Mario Saavedra and Alex Ryberg in serving Eastern PA, Eastern NY, NJ, DE, MD, ME, MA, RI, CT, D.C, and Northern VA.

GRL Continuing Education News

In addition to certifications in Louisiana and New York previously announced, **Pile Dynamics, Inc.** is now an Approved Sponsor of Continuing Professional Competency activities for professional engineers licensed by the State of North Carolina. Educational seminars, workshops, and webinars offered by PDI qualify as such activities.
